Angela Del Rosario, Senior Program Lead, North Field Office
From: Corey Petrie, Interim Regional Manager
Re: Staffing Changes (22-02)
Date: March 22, 2022

memo

Departing Staff:

It is with mixed emotions that I announce the retirement of Marty Pilkington effective April 1st 2022. Marty has served the Northeast as a Paramedic Practice Coordinator since the CPC's inception in 2009, overseeing the Cochrane, WAHA and Timiskaming Paramedic Services. Previous to that, Marty was the long time manager for the Timmins Base Hospital Program. Also officially retired is Performance Measurement Lead Jim Scott after having returned to us in a post-retirement capacity for the past several years

Both Marty and Jim have significantly contributed to the Prehospital Care system for decades and their contributions have helped to shape the system as it is today.. I would like to take this opportunity to thank them both for their devoted service and wish them all the best in their future.

Portfolio Assignments:

With the upcoming retirement of Marty Pilkington, our program is taking this opportunity to review our Paramedic Practice Coordinator portfolios.

Effective April 1st, Cory Sohm will oversee the Timiskaming District Paramedic service in addition to his current portfolio of overseeing the Nipissing and Parry Sound Paramedic services. Cory can be reached at csohm@hsnsudbury.ca or 1-705-840-8376

Also effective April 1st, I will now become the WAHA and Cochrane Paramedic Services primary contact. This will be temporary as we conduct a full review of our Paramedic Practice portfolios. I can be reached at cpetrie@hsnsudbury.ca or at 1-705-492-5482

New Staff:

It gives me great pleasure to announce that Craig Ruscitti, Nancy Frederick, Brad Roney and Andréanne Roy are the successful candidates for the recently posted positions of casual Paramedic Educator.

Craig Ruscitti is a veteran Paramedic and is employed full time with the Cochrane District Paramedic Services. Craig is currently a Paramedic service instructor as well as a tenured instructor trainer for the Red Cross and has previous base hospital experience.

Nancy Frederick has over a decade of Paramedic experience and has more recently been certified as an Advanced Care Paramedic for the Nipissing District Paramedic Service. Nancy is a life long learner as evident from her continued education in Paramedicine and other unique interests. When not providing direct patient care, she serves other clients as a Thai massage and Yoga instructor.

Brad Roney has had a far-reaching career in Paramedicine as apparent by his extensive land and flight background. In addition to currently serving as an Advanced Care Paramedic for the Greater Sudbury Paramedic Service, Brad is also a full time professor for the Paramedic Program at Cambrian College. Adding to Brad's list of accomplishments, is his years of volunteer service with the Sudbury Minor Hockey Association.

Andréanne Roy is currently an Advanced Care Paramedic with the Greater Sudbury Paramedic Service. In addition to being a full time Paramedic, Andréanne is also affiliated with Collège Boréal as a Simulation Specialist. In Andréanne's spare time she is a valued member of the Ontario Paramedic Association Wellness Committee.

As always, if you have any questions, please feel free to contact me at any time.

Sincerely,

Corey Petrie, Interim Regional Manager, HSN
